To Whom It May Concern:

This reference letter is to confirm that Master OH Jie Han had volunteered in helping the refugee kids of class 1 (kids between age of 7-9) in Mathematics & English subjects, by virtual class, from period of 2021July – 2021Oct.

I am grateful of Jie Han's commitment, and willingness to share his knowledge with the vulnerable kids. The time spent is also much appreciated by the kids.

I wish Jie Han all the best, and in all future undertakings.

Yours sincerely,
